Professional Experience

Front-End Developer
Safaricom PLC, Nairobi, Kenya (Onsite)
January 2023 – Present

- Designed and developed responsive websites for Safaricom's customer-facing platforms, ensuring a seamless user experience across devices.
- Collaborated with designers and back-end developers to implement interactive features and optimize performance.
- Built reusable components and front-end libraries using React.js, improving development efficiency by 30%.
- Debugged and resolved cross-browser compatibility issues to maintain a consistent design across platforms.
- Ensured adherence to WCAG accessibility standards in all projects.

Front-End Developer (Remote)
Crossover, Remote
June 2022 – December 2022

- Collaborated with a global team to develop front-end features for enterprise-grade applications.
- Built modular and reusable components with React.js, ensuring seamless integration with back-end services.
- Conducted code reviews and mentored junior developers, fostering team growth and code quality.
- Developed automated testing scripts using Jest to reduce deployment errors by 15%.
